

WE WELCOME INTERNATIONAL STUDENTS!

HØJSKOLEN MORS

WHO AND WHAT IS HØJSKOLEN MORS?

Højskolen Mors/Folk High School Mors is a cultural residential school with main subjects in Music, Film Making, Theatre, Outdoor, Ceramics and Perma Culture. We are a boarding school, which means you eat, sleep and study at the school. The typical age is between 18-28. Here we have no exams and you choose all your subjects based on your own interests. We believe that learning should come from curiosity and we want to encourage our students to discover new sides of themselves.

Our classes are in english, however politics and creative writing is in danish hence, these will only be available for danish students. Our danish students will help translate messages during lunch as well as our morning assembly.

Entry level: You need to understand og speak english - your writing skills are not important.

A Danish Folk High School is open for everyone over the age of 18, regardless of your educational background.

HOUSING / ROOMS

We have three house dorms. All of them have a shared kitchen and a nice living space. Some rooms include a private bath/toilet and some roomes share a bathroom with 2-3 other rooms.

You will get a double or a triple room with one or two roomies - single room cost extra. The school is your home. Therefore, we help each other with everyday cleaning and orcationally cooking as well. We have a wonderfull kitchen that serves breakfast, lunch and dinner during the week, and the students help cleaning up afterwards.

The school is situated in some of Denmark's most beautiful nature and the beach is only 10 min. walk from the school. We have an indoor pool, a small cinema, a football field a music studio and much more.

A TYPICAL DAY AT THE SCHOOL

A typical day is as follows: Breakfast is served from 7.45-8.15. Then we all meet in the assembly hall, where we sing and have a 30 min. lecture on various topics. These will be in danish, but with an audio translator to english. Classes start at 9.15-11.45. Lunch is at 12.00, after lunch we help each other clean for about 20 min. Then the afternoon classes start at 13.30 and most days classes end around 16.00. Then you are free to do whatever you like. There are always many student activities in the afternoon and evenings, which you can join if you want.

Facilities

We have an indoor pool, a small cinema, a football field a music studio, a multi hall, a ceramic and pottery studio and much more. All our work spaces and most of our facilities are open 24/7.

Outdoor: Prepare for the nature! In this subject, you will spend most of your time outdoors. You will be climbing, sailing, going on shelter trips, learning about survival in the nature and much more! We have the most beautiful nature here and in this subject you get to explore it!

Music: You can choose music as a main subject. Here you will get to play many hours during the week and many different genres as well.

You can also choose many music related 2 hour courses such as, Vocal training, Funk/Blues Band and Music Theory.

This way, you can have music every day or just as a nice little supplement during the week - it's up to you!

Film: Whether you are a tech-geek or dreaming about being the next Steven Spielberg, Film is a subject where you get to live out your passion and experience the whole film making process up and close. You go through the entire process from creating the story board, finding locations and actors, to shooting and editing. We have experienced film students but we also have students without any film experience and everyone is welcome!

Theatre: If you like the stage or just want to challenge your self, then this is the right subject for you. Here you will learn to gain control of your body language and your way of speech. You will be part of many smaller performances and a bigger production towards the final weeks of the course. You do not need any prior training to follow this class, as long as you are willing to try your best.

Permaculture: Do you want to learn about sustainable living? Are you interested in learning how to grow a self-sufficient kitchen garden? Then Perma Culture is definitely for you! You will learn about the 12 principles of permaculture. Permaculture is an innovative ethics and design based process used to make agriculture more sustainable, restore soil, conserve water, and redirect waste streams. You will be inspired and enlightened!

Ceramics: Let your imagination loose! This is the subject where you can be creative and let your inner artist out. You will get tools on how to create everything from a cup to an art project and you will have lots of free time to just have fun and be creative.
